

For their future. *For Albemarle's.*

Strong communities take care of the places where children learn. Albemarle has documented major needs in its school buildings, and the November referendum offers a dedicated way to invest in them.

Family Council supports the referendum and expects clear priorities, responsible spending, and public accountability.

WHAT ARE WE VOTING ON?

One extra cent on each eligible dollar.

The money would be dedicated to school construction, major renovation, and related financing. Qualifying groceries and essential hygiene products are exempt.

WHY SHOULD I CARE?

Schools are community infrastructure.

You do not need to follow school policy or have a child in ACPS to have a stake in this. Schools are part of the places we share and the future Albemarle is building.

A strong community maintains what it has, plans for growth, and makes room for the people who come next.

Simple example: \$1,000 in eligible monthly purchases = about \$10 more per month.

\$500M+

in identified school capital needs

15 of 27

ACPS facilities are 50+ years old

300

access challenges documented in a 2025 assessment

MAKE A VOTING PLAN

Sept 18 - Oct 31

Early in-person voting

October 23

Regular registration / mail request deadline

November 3

Election Day - 6 a.m.-7 p.m.

Support should come with accountability.

A yes vote should not mean a blank check. Families and taxpayers should be able to see which projects come first, how much money is raised and spent, and what gets completed.
